Center School Celebrates Centennial

As part of its year-long Centennial Celebration and in honor of American Education Week, the faculty and staff at Center School in Mattapoisett are extending an invitation to all former Center School graduates to come back for a visit on Thursday, November 19 from 9:00 to 11:30 am. During this time, former graduates will have the opportunity to walk around the school to revisit their educational roots and reminisce about the time spent at Center School.

A special word of thanks to Ms. Bette Roberts for the wonderful display of pictures and artifacts from the Mattapoisett Museum and Carriage House that can be seen in the display case as you enter Center School during the month of November.

During the time set aside for former graduates to visit, Miss Moncevitch and her third grade students will be presenting "100 Candles: A Century of Light." This multimedia presentation was written and directed by Miss Moncevitch to celebrate the centennial of Center School and was funded by a grant from the Tri-Town League of Women Voters. The program will be presented at 10:30 am in the auditorium of Center School.

The program spans the years leading up to the construction of Center School and its following century of life, portrayed by Miss Moncevitch's third grade students, against a background of historical and cultural events. Cameo appearances by George III, George Washington,

Mattapoisett Selectmen's Meeting

November 17, 1998

By Kenneth J. Souza

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, November 17 at 7:00 pm by Chairman Paul Lambalot. Also present were Selectman Michele Bernier, Selectman Barry Denham, and Executive Secretary Carol Adams.

After unanimously approving the minutes of the November 10 meeting and signing the vouchers for the week, the board approved license renewals for 1999, and unanimously voted to appoint the following to the newly-established GIS Study Committee: Lynn Traudt, Judith Mooney, Peter Kortright, William Fuchs, Richard Flynn, and Joseph Slattery.

The board then announced they would take a vote to allow the state Department of Environmental Management (DEM) to exercise the power of eminent domain to acquire 212 acres, more or less, of land located in

the Town of Mattapoisett (a portion of which is also located in Fairhaven) on the westerly side of Brandt Island Road, now or formerly owned by the Brandt Island Realty Trust, Inc. and Brandt Island Corporation.

Chairman Lambalot noted there would be no public discussion or input at this time, as a Public Meeting was held last Thursday and the matter was discussed for an hour-and-a-half. "At the outset, I opposed the project, but at this time I feel it's in the best interest of the town to allow the state to purchase the land ... and that's all I have to say about it," Chairman Lambalot said.

"I disagree," Selectman Denham said. "I know this will probably go to the State House with two signatures, but I can't in good conscience back it. I don't feel the town is getting any benefits ... or control over the property."

With that, the board voted to allow the DEM to exercise the power of eminent domain to acquire the 212-acre Brandt Island Road property via majority vote, with Selectman Denham in sole opposition.

Under meetings scheduled throughout the week, it was noted that an Executive Secretary's meeting will be held in the Fairhaven Town Hall on Wednesday, November 18 at 12:00 noon; and appointments will be made to fill vacancies on the Finance Committee (FinCom) on Wednesday, November 18 at 7:00 pm in the Mattapoisett Town Hall.

The board received the following incoming correspondence:

• Notice that the 1999 Shellfish Buttons for the Town of Mattapoisett will go on sale on December 1 in the Selectmen's Office. All persons holding shellfish buttons numbered 1 to 50 must pick them up prior to February 1, 1999. Also, the Beach/Wharf Stickers for 1999 will be on sale in the Selectmen's Office beginning December 1, 1998 for a fee of $5 each. Seniors over the age of 70 are eligible for FREE beach/wharf stickers and shellfish licenses.

arbitrary, (I) request that the Town promptly reimburse me for the $2,756 I incurred to maintain the use of a tool necessary for my employment."

The board also received a written response from Chief Moran: "In response to a letter written by Mr. Tony Lockwood requesting the town pay him back his legal fees that he spent to get his license to carry a firearm reinstated through the court system is preposterous," he wrote. "The mere fact that Mr. Lockwood gave a false answer on his application by signing another person's name under penalties of perjury was 'just cause for denial or revocation of his license under (Massachusetts General Laws).' The Judge never stated that the action I took was arbitrary, but did in fact say, 'the police chief took the action that was required of him by law.' I don't feel the Town of Mattapoisett should be responsible for a person who signs false information on an application under penalties of perjury."

The board agreed to take this matter under advisement.

Under the Executive Secretary's report, Ms. Adams noted that she had talked with Cable Advisory Committee Chairman Daniel White and Nancy Leonardo of MediaOne regarding the town's interest in acquiring permanent video equipment for the taping of meetings in Town Hall. According to Ms. Adams, there is $25,000 budgeted for this purpose. "In talking to (Ms. Leonardo), that money is available to (Mattapoisett) to purchase equipment," she said. Ms. Adams has asked both Mr. White and Ms. Leonardo to attend next week's Selectmen's meeting to discuss this further. Chairman Lambalot agreed they needed to meet on a regular basis until the equipment is acquired.

On a related matter, Diane Perry again asked for volunteers to assist with the weekly videotaping of meetings in the Town Hall. Anyone interested should contact the Selectmen's Office and training will be provided.

Ms. Adams also brought up the idea of charging people for the use of town facilities for functions such as weddings. Currently, the Shipyard Park gazebo and Ned's Point area are used most often for these functions, and she wanted to know if the board had considered charging a fee to offset maintenance and clean-up costs.

"I'm against that," Chairman Lambalot said. "I think it should be available for anyone to use."

But Selectman Denham suggested that many out-of-town residents might use the facilities, and it does require money to maintain. "I think we need to set up a mechanism to avoid scheduling conflicts," he said.

After further discussion, the board agreed that town departments, such as the Harbormaster's office, should be made aware of scheduled functions at such town facilities. Selectman Denham agreed that a voluntary contribution might be suggested to those who use these facilities in the future.

At 7:30 pm the board met with David Crowley who had several complaints about the wharf area and his use of the harbor. A fisherman by trade, Mr. Crowley said he recently received a parking ticket for parking "outside the lines" at the wharf area and felt it was unfair as he

purchased a town sticker. "This is ridiculous for this time of year," Mr. Crowley said. "I have a town sticker."

Mr. Crowley also complained about the fact that not everyone using the wharf and harbor services have been billed, and for that reason he has not paid an outstanding $300 bill due from last year. He also feels that he is being singled out, and that not everyone is treated fairly at the town wharf. Lastly, he opposes the recent changes in the town's Harbor/Mooring Regulations, which would force him to pay a higher rate to keep his boat in Mattapoisett.

Harbormaster Steve Mach assured the board that everyone has been billed equally with the exception of those boats which are used by his department for emergency rescues — such as a boat owned by Brownell's Boatyard and one owned by the Assistant Harbormaster. Mr. Mach said Mr. Crowley parked his truck in such a way that another boat owner couldn't access his boat, and his complaint led to the parking ticket. Mr. Mach also said he has been very cooperative with Mr. Crowley, even agreeing to waive the late fees from last year's outstanding bill if he agreed to pay it. To date, the bill remains unpaid.

The board unanimously voted to order Mr. Crowley to pay the outstanding $300 bill owed within five days or have his boat and mooring removed from Mattapoisett Harbor.

At 8:10 pm the board unanimously voted to go into Executive Session under Exemption 2 of the Open Meeting Law (to consider the discipline or dismissal of, or to hear complaints or charges brought against a public officer, employee or staff member or individual). They would thereafter adjourn for the evening.

who presented them with a one-of-a-kind gift calendar of Marion scenery and landmarks which she handcrafted from her own personal photography. The calendar of beautiful photos — ranging from Town Hall to Silvershell Beach — will hang in the Selectmen's Office.

At 7:10 pm the board met with Gary DeCosta, Regional Council Organizer for the New England Regional Council of Carpenters, regarding a charitable cause that he and local carpenters would like to help. They have joined together in an effort to donate their personal time to help a local Marion woman adapt her house for the homecoming of her 13-year-old handicapped daughter from the Mayflower Nursing home before the holidays. The young girl has been unable to receive financial assistance from the state and is reaching to anyone that is willing to help. Mr. DeCosta asked the board to help ease the financial burden of this project by waiving the building permit fees for the ramp he has committed to install.

With a unanimous vote to do so, Selectman Schaefer commented that the carpenter's group "is to be commended for spearheading this effort that shows the community bond of Marion." Mr. DeCosta closed by stating the group has the ability and time to help a fellow resident in dire need, but money is a concern and they could use all the help they can get with various issues. He plans to visit local lumber companies in an effort to get donations of supplies. Anyone who is interested in contributing funds, time or materials may contact the Town Hall to be put in contact with Mr. DeCosta.

At 7:15 pm the board's last appointment of the evening was with Luke Lomeland, Vice President of the

Marine Resources Commission (MRC) and Harbormaster George Jennings regarding the issue of a proposed Hurricane Evacuation Plan for removal of boats from Sippican Harbor that has been discussed publicly and privately for years. The MRC brought to light their concerns on the issue, including the need to widen the dirt road to more than its current 30 feet, to lower power lines, to re-route traffic during hauling season, and the expenses entailed in the project with coordinating services from the DPW, Com/Electric and Bell Atlantic for necessary modifications of the property along the route of the plan.

Chairman Winters commented the current road environment is unsafe for boat travel and with the planned changes the Fire and Police Departments will need to become involved with traffic management issues. The board agreed the proposed two-year planning period will be very beneficial, but would like to have a detailed evaluation of the area including mapping of the designated easement, with utility exchanges, to better understand the exact extent of work that will need to be done to widen the road.

Hopes are to install underground utilities on Front Street, Spring Street, and Route 6, Mr. Pickles said, adding that the expenses for this project will not be taken from taxpayers. Selectman Schaefer noted that precautions for off-limit postings of the road in off-hauling season should be looked into as well, so that local traffic does not try to use the roadway as a short cut. Mr. Pickles suggested the placement of an "Authorized Vehicles Only" sign, or merely chaining or gating the road off when it is not in use by the proper parties. "Once the route is done, it will be

established with little or no further maintenance," Mr. Lomeland said.

Although this is legitimate MRC issue, the board looks forward to assisting in the preparation of a plan they can all feel confident in executing when the time comes.

At 7:35 pm the board reviewed incoming correspondence, beginning with a letter from the Board of Assessors regarding the new 1999 tax rate for the town, which has been set at $13.50 per $1,000 of valuation. The board also received a letter from Wankinco River, Inc. notifying them of their concerns of alleged violations by SEMASS' operation of the South Carver Landfill. Severe problems had unfortunately come about during past storms that brought these issues to light with the Department of Environment Affairs (DEM). The board

confidently feels that these matters were addressed, and agreed that SEMASS is not currently operating in satisfactory compliance, which will be expressed in a letter to the president of Wankinco River, Inc.

Omnipoint Communications notified the board of restrictions that would be put on the town's use of the communications tower. The town does not foresee a need to use the reserved equipment space for its use, however, but would expect that if they chose to do so in the future they would be subject to the same restrictions as posed to any customer.

Shellfish Officer Charles Bradley reported that this past oyster season went well with a total of 180 bushels in an estimated value of $18,720. He also informed them that he would like to open Hammett's Cove to commercial quahogging north of the orange markers from Adamson's Dock to Gravel Island, with the season beginning November 30, 1998 through April 2, 1999.

The Environmental Protection Agency (EPA) next urged the board to "get the word out" regarding the year 2000 potential computer problem, the so-called "Millennium Bug" which is now receiving so much publicity. The federal government has made a top priority of preparing itself to prevent system failures and hopes to educate everyone so they will be prepared when the time comes.

With no further business to come before the board, they unanimously voted to adjourn for the evening.

Rochester Special Town Meeting

November 16, 1998

By Kenneth J. Souza

A Special Town Meeting was convened for the Town of Rochester in the cafetorium of Memorial School at 7:30 pm on Monday, November 16 by Town Moderator Kirby Gilmore. Having noted the presence of a quorum, Mr. Gilmore led the assembled residents in a Salute to the Flag and then turned the floor over to Planning Board Chairman Janice Crook for a brief announcement. Ms. Crook said the Planning Board is looking for a volunteer to serve as their representative on the Capital Planning Committee. Any interested residents should contact her or the Board of Selectmen's office via the Town Hall.

Mr. Gilmore then read ARTICLE 1 which asked voters to considering amending the town by-laws to include a "Phased Development" section to help curb rapid development in town. Janice Crook noted the Planning Board had a public meeting on this issue and unanimously voted to recommend the article as it would be a "useful tool in (town) planning."

Finance Committee (FinCom) Chairman Michael Costa stressed that rapid growth could also have a financial effect on the town. "Everyone should be aware that with every new home comes students," Mr. Costa said. "For about every three homes built, you can expect to add two new students (to the school system)."

The measure would require a 2/3 majority vote to pass, and voters unanimously approved the article as

written.

There was much discussion over the difference between a written description of parcel boundaries and a graphic map under ARTICLE 2 and 3. ARTICLE 2 asked voters to amend the Zoning By-Laws to remove the description of "Location," and replace it with an "Official Zoning Map" for the town as proposed under ARTICLE 3. Selectmen Chairman Richard Cutler said Article 2 would not change the town boundaries or district at all, just remove the descriptive language from the by-laws and replace it with the map.

Some residents had reservations about adopting an "official" zoning map for the town, while others felt the written description was more accurate and less open

cost of the project.

Mr. Lee said the building would just fit on a two-acre parcel, but they would prefer a three- to four-acre parcel to allow for additional parking and future expansion. The committee has looked at six possible sites, including Dexter Lane, the old landfill site, the existing police/fire station site (Pine Street), the so-called Bray property opposite Town Hall, New Bedford Road, and the so-called Ryder property on High Street. Of these sites, the committee is recommending two as the best alternatives: a two-acre parcel on New Bedford Road across from the Post Office, and the so-called Bray property on Rounseville Road — a 4.3-acre parcel adjacent to the Plumb Corner Mall and across the street

from the Town Hall. The committee seemed to favor this latter site due to its larger size and central location.

"This would keep with the New England town center concept, which made sense," Mr. Lee said. "It would develop a very nice, unified town center."

With regards to funding for the project, the FinCom explained that although there is some $800,000 available in the town's Stabilization Fund, they would prefer to retain that and take advantage of the existing low interest rates on bonds. "Right now, the interest rates are at a 20-year low," Mr. Costa said. "We feel we need to retain enough money in the Stabilization Fund to cover a six-month period if SEMASS shuts down. We're recommending a 20-year bond for the project, at 4.75 percent interest. That would mean that a Rochester home assessed at the median value of $165,000 would pay $183 the first year ... and would gradually decrease to $97 in the last year."

Of the total project cost, $3 million is budgeted for the building construction and $250,000 for the land acquisition. Although no parcel has been agreed upon and/or purchased, the Board of Selectmen agreed this price would suffice to negotiate with the property owners. The board is currently in talks with both land owners.

Fire Chief Scott Ashworth added that although this new facility would become the central Fire Station for the town, the two existing sites (on Pine Street and Neck Road) would remain as satellite stations and be kept in service. This would be a great benefit as well, as it would reduce average response time to an estimated four minutes to any location in town — keeping home owner insurance rates at a minimum.

Police Chief Walter Denham noted that the existing police "trailer" is in dire need of repair and is considered unsafe by state standards. "It's unsafe to have prisoners and officers using the same bathroom facilities,"

Chief Denham said. "We have no lock-up facility ... if someone put a call in to the state — either tonight, tomorrow or the next day — they could shut (the police station) down ... they would condemn the building."

And Chief Dispatcher Kathy O'Brien noted the dispatchers are forced to remain inside a building where fire apparatus are running, exposing them to toxic carbon monoxide fumes without adequate ventilation. "We're sucking up those fumes every time an engine starts," Ms. O'Brien said. "It causes headaches ... and can be dangerous."

With that, ARTICLE 4 was carried by the required 2/3 majority vote. The project will now go before voters on the Special Town Election ballot on December 2 for final approval.

In other matters, Town Meeting voters approved:

• $1,500 to cover additional salaries in the Town Clerk's office to coordinate the Census 2000 project under ARTICLE 5;

• $800 to cover additional expenses in the Board of Assessors Department under ARTICLE 6;

SCURVEY IN GUINEA PIGS

My guinea pig is eating less and cries when he walks. My friend said he has a Vitamin C deficiency. Is she correct?
The most common problem in guinea pigs is scurvey, which is caused by a Viatmin C deficiency. Your guinea pig's signs are consistent with this natural disorder.

How can I prevent my guinea pig from developing scurvey?
1. Purchase small bags of pellets. Vitamin C only lasts in pellets for 3 months from the time they are manufactured.
2. Supplement his diet with vegetables that are rich in Vitamin C such as peppers, kale and dandelion leaves.
3. Suppliment his diet with Vitamin C drops that are made for children. 50 mg per day is safe.

Council to Review MCAS Results

The Massachusetts Comprehensive Assessment System (MCAS) results will be released to the public in early December. These state tests are based on the state's new high academic standards for what students should know and be able to do. Schools will receive detailed reports on each student's performance as well as school, district, and state performance. There will be many tasks ahead: curricula alignment, staff training, textbook and materials review, community education, and parent involvement, to name a few. This year's scores will set a benchmark for the future. They will provide the base from which to work.

This important initiative will require a joint effort of home, school and community working together to make schools the best they can be. Old Rochester/ Marion/Mattapoisett/Rochester schools began planning for the work ahead during the summer. One component of the plan includes community information, which is where they hope to collaborate with you.

The Leadership Council is comprised of administrators in the school district. You (or your designee) are cordially invited to attend a meeting with the Leadership Council from 9:15 am to 10:15 am on Tuesday, November 24 at Rochester's Memorial School. The team will share information about the MCAS and their response plan.

League Begins 1999 Phone Book

The first job of the Tri-Town Phone Directory ("Blue Book") publishers is to notify all current advertisers that work has started and to ask them to send in their renewal forms as promptly as possible. Any local business that is not included in the yellow pages (advertising section) and wishes to be included can phone or write the publishers at any time. Local residents who have had pleasant experiences with new businesses or services might also wish to give their suggestions. Publishers John and Claire Russell may be reached at 44 Stoney Run Lane, Marion, MA 02738, telephone 748-2542.

All Blue Book advertisers and classified listers are most appreciated by the Tri-Town League of Women Voters and its members. Not only does their support make possible the book itself, but enables the League to continue its community activities such as its Voter Service Information, including candidates' nights, and its support of local education.

In 1996 the LWV began the offering of grants (for which it solicits written proposals) to the staff of ORR

Junior and Senior High Schools and the tri-town elementary schools. These grants are to fund special projects, either self-contained or as an addition to an existing program, in the fields of natural resources or government. Starting with the offering of two grants of $500 each, the LWV has been able to increase its funding to four grants a year thanks entirely to the support of its "Blue Book" advertisers.

BAHAMA HOUSE CHIROPRACTIC

NECK SPASMS TORTURE AUNT

Q Occasionally, my favorite aunt has these terrible spells where her neck muscles contract and twist and tilt her head. She says she's had it off and on for years and that she has tried everything. What about chiropractic?

A It sounds like torticollis, although only an examination would let us know for sure. The word comes from the Latin meaning "twisted column," and is commonly known as wryneck.

At least a dozen different kinds of wryneck from as many causes victimize human beings. At its worst it can be utterly painful, and the condition is always frightening because one loses final control of head positioning and movement. What's more, sometimes the condition clears up by itself and sometimes it doesn't.

The kind of torticollis (wryneck) chiropractic doctors most often treat is caused by abnormal nerve activity brought on by pinched nerves.

This causes muscle spasms on one side of the neck and brings on the painful disorder.

Chiropractic doctors realign the bones in the neck through chiropractic adjustments designed to clear the nerve irritation and the condition.

Tell your aunt she definitely has not tried everything until she has seen a chiropractic doctor.

SELLING A FIXER-UPPER

When a seller decides to market his home as a "Handyman Special", some hard decisions will have to be made.

The first decision will probably be the choice between fixing the house up or selling it "as-is." Before that decision can be made, the seller needs to know how much the house is worth in it's present condition. The question of fixing it up may be academic. If remodeling was the seller's strong point, the house would not be a "Fixer-Upper" in the first place.

The first step is to get an appraisal as to just how much the property is worth in today's market. The lower end of the market usually has the highest demand. The seller may be surprised at the market value. An estimate can then be made of the cost required to upgrade the house to market standard for a higher selling price.

With this information in hand, the decision can be made -- based on financial facts -- whether it would be more cost effective to improve it or sell "as-is" for less money and leave the work for a willing buyer.

ORR District School Review

Superintendent Elizabeth A. Quinn of the Old Rochester Regional School District and Massachusetts Superintendency Union No. 55 was recently informed by the Commissioner of Education of an upcoming Department of Education Coordinated Program Review visit. The Department's onsite visit will occur during the week of November 30, 1998. Such visits are routinely conducted by the DOE to satisfy federal and state special education requirements to review periodically specific education programs and services in local school districts throughout the Commonwealth of Massachusetts. The Department is conducting the review of several programs during a single visit in order to be more efficient in the time spent on this mandated activity by both the Department and school system staff, and also to make strong connections with the programs under Education Reform.

Superintendent Quinn indicated that the DOE's Coordinated Program Review process will address the program areas of Civil Rights Methods of Administration, Special Education, Safe and Drug-Free Schools, and Communities Act and Title I, and include a review of school district program procedures, a study of individual student records, and an onsite visit by the Department of Education team. The Department team will conduct interviews of district administrators, teachers and parents, conduct an observation of instructional sites and prepare a report for the Superintendent and School Committee.

identified issues noted in the Department's final report will be developed by school officials. At that time, the school district may request technical assistance from the State Department of Education.

Superintendent Quinn indicated that she is confident that the Department's Program Review process will be a useful and positive experience for all staff in the district, and that the report will be a useful planning document for continued development in educational services for all students.

Department of Education Program review procedures provide that any member of the public may request to be interviewed by telephone by a member of the Department's visiting team. Persons wishing to be interviewed should call the Superintendent's office at 758-2772, extension 13 no later than November 25, 1998 to leave their name and phone number, or they may call the Department of Education at (781) 388-3300, extension 423. A member of the visiting team will then contact each person desiring an interview within two weeks after the completion of the onsite portion of the review. If an individual does not write or speak English, is not comfortable communicating in English, or requires some other accommodation, the Department will make arrangements to communicate appropriately with the individual.

YGRR Calendars Available

Established in 1985, the Yankee Golden Retriever Rescue, Inc. (YGRR) is a voluntary, non-profit charitable organization which is dedicated to providing veterinary care, comprehensive evaluation, and adoptive homes for Golden Retrievers who are abandoned, mistreated, neglected, or left in pounds throughout six New England states. Since its founding, YGRR has provided rescue services to thousands of Golden Retrievers.

This year's fund-raising calendar features "Misty" (#2108) who was relinquished to YGRR at the age of seven weeks with five of her littermates. The owner could not provide the puppy shots which were necessary for legal sale in that state. YGRR staff worked tirelessly to provide an enriching environment for this unsocialized litter of puppies to encourage appropriate behaviors in their future homes. Misty now spends her days playing with her new family which includes her Golden "cousins" Sandy and Shelby.

Calendars are now available at the following area locations:

• Mattapoisett - Blossoms, Denise's, Mahoney's, Plymouth County Dog Club;

• Marion - Sippican Hardware, The Sitting Duck, Debbie Thompson;

• Fairhaven - Bob's Sea and Ski, Fairlane Golden Retrievers, New England Animal Hospital;

• Buzzards Bay - Preppy Puppy.

You can also obtain calendars by calling Betsy Ann Wood (758-6066) or by visiting the YGRR website http://www.tiac.net/users/laytin/yankee/.

Movie Review

Dead Alive

BY ROB GONSALVES
local@wanderer.com

■ ***Meet Joe Black*. Starring Brad Pitt, Anthony Hopkins, and Claire Forlani. Directed by Martin Brest. Running time: 174 minutes. MPAA rating: PG-13. At Cinema 12 at the North Dartmouth Mall.**

One of the unwanted gifts of the impending millennium is the new metaphysics-lite subgenre. These movies usually involve good people — no, make that downright noble people — who go on some awe-inspiring spiritual journey, nudged along by lots of pieties and string music. *Contact*, *City of Angels* and *What Dreams May Come* are prime examples. The point of these films always seems to be that the universe is kind, God is smiling above us and within us, blah blah blah.

Meet Joe Black is far and away the best of this current crop, and not just because it skimps on the life-lesson speeches. (Anthony Hopkins, summing up the film in a *Today Show* interview, spouted more pieties than can be found in the entire three-hour movie.) This isn't a great film, but it's an excellent piece of work — hushed, deliberate, surprisingly level-headed and intimate. The director, Martin Brest *(Scent of a Woman)*, takes his time and lets tension and meaning gather in the long spaces between lines of dialogue. The 174-minute length makes sense: The movie unfolds during the final days of a man who has to learn to let go of his life.

Bill Parrish (Hopkins), an extravagantly rich businessman, has been plagued by alarming fatigue and chest pains. He suspects that death is near, and, sure enough, Death is waiting for Bill in his library — in the form of Brad Pitt. Death, who soon assumes the name Joe Black, has occupied a human body and wishes to experience life on this mortal coil before he takes Bill into the undiscover'd country. This idea has been around before, of course — in 1934's *Death Takes a Holiday* and its many permutations since. And the selling point now, as then, is the romance between Joe and Susan (Claire Forlani), the younger of Bill's two daughters. As a doomed storybook love, this beats *Titanic* all to hell: Hey, guy, you're Death — you can't be messing around with mortals, even if they do look like Claire Forlani.

Surprisingly, though, the script (credited to Ron Osborn, Jeff Reno, Kevin Wade, and Bo Goldman) treats the romance as a plot point among equals. Much of the film's emphasis is not on Joe Black but on Bill, who knows he doesn't have much longer to live and is trying to put things in order. More important, he learns, is to put things in perspective. Anthony Hopkins does a beautifully subtle job of showing us the growing tension between Bill's not wanting to leave his loving daughters (his eldest, who's throwing herself into planning his 65th birthday party, is played by the warm and appealing Marcia Gay Harden) and his wanting to make sure there's no unresolved business. The character is a bit idealized — your basic dream boss — but Hopkins burrows inside the man's fear, anger, and resignation.

Brest's *Scent of a Woman* had that completely needless subplot about Chris O'Donnell getting in trouble for a prank, and some will say that Brest is at it again in *Meet Joe Black*: There are maybe three scenes too many involving the machinations of Bill's devious right-hand man Drew (Jake Weber, who nonetheless brings dry wit to a thankless role). And Thomas Newman's score gets a bit too loud and effusive near the end, screaming "Cry!" (To be frank, I didn't need musical encouragement. When Susan delivered her line about her father, I admit I was a goner.)

Judging by her winning performance here, I'd guess Claire Forlani is about to become very hot, and deservedly so; Brad Pitt, too, makes up for his dullness in *The Devil's Own* and *Seven Years in Tibet*. Sometimes he's funny (as when Joe discovers the joys of peanut butter), sometimes a little frightening. What's more, *Meet Joe Black* contains one of the more shocking images I've ever seen in a movie — the opening-night audience buzzed about it for a full minute. (You'll know it when you see it.) Overall, the movie is full of surprises: Long but never boring, spiritual but never soggy, this is the brand of big entertainment Hollywood is best at but so rarely does right these days.

Friends Meetinghouse Seeks Support

The Friends of the Friends Meetinghouse, in their regular post-season meeting, voiced their satisfaction with the results of the 1998 season of the "Music at the Meetinghouse" free concerts. The audiences for this eleventh season experienced beautiful weather, homemade free refreshments, and pleasant music during all three concerts. The delightful setting of the historic 1759 meetinghouse at the north end of Acushnet adds immeasurably to the enjoyment of the evenings.

New members are needed for this very worthwhile endeavor. The "Friends of the Friends," as they call themselves, only meet three or four times a year and run the three summer concerts. Please call 763-5368 or 763-2488 to volunteer.

This Week's Horoscope

by Linda Black

Aries (March 21-April 19). You want things to go one way, and they appear to be taking just the opposite turn. Planning is the key to your success.

Taurus (April 20-May 20). Handle paperwork. It looks like there's something in that stack that is overdue by now.

Gemini (May 21-June 21). It looks like a conversation you get into could make you forget just about everything but romance.

Cancer (June 22-July 22). It looks like you'd rather stay home and cuddle with the one you love. Actually, somebody at home may be feeling a little sick, so maybe you can use that as an excuse.

Leo (July 23-Aug. 22). If there's any information you need, you'd better ask about it now. The chances of getting a straight answer are good now.

Virgo (Aug. 23-Sept. 22). This is a good time to learn about money. Focus attention on your finances. Whip those into shape and write up a budget you can live with.

Libra (Sept. 23-Oct. 23). If you're careful about what you say, you'll be able to achieve your ends through negotiation. That should be your objective.

Scorpio (Oct. 24-Nov. 21). There's some sort of paperwork you're supposed to have turned in. Better go ahead and do that.

Sagittarius (Nov. 22-Dec. 21). Looks like friends need some attention and you're willing to provide it. You'd much rather go and play than take care of business.

Capricorn (Dec. 22-Jan. 19). You may have trouble with a person in authority. This person doesn't seem to be able to make a decision. You may just have to take control.

Aquarius (Jan. 20-Feb. 18). Your heart isn't in your work. It's off, following the horizon somewhere. You'd rather be just about anywhere else than stuck in whatever you're doing.

Pisces (Feb. 19-March 20). Looks like there's some paperwork you forgot. If you haven't looked through that stack for a while, you might be surprised to see some bills you forgot you had.

If You're Having a Birthday This Week: Start off this year by taking care of old business. After you get that out of the way, you're going to take off like a rocket.

He's Back...

That's right, due to popular demand the "Great Aardvark Search" is back and we have new prizes! For 12 weeks (Sept. 24-Dec. 17) we will be giving away the aardvark's cousin, "Ants the Anteater" an original TY Beanie Baby. After the last week, all entries will be put into a final drawing for "Glory" also a TY original, just in time for Christmas!

For those of you not familiar with this practice, here's how it works. Each week we hide a little aardvark (shown above, actual size) somewhere in the newspaper (not counting the aardvark above). If you find him (or even if you don't) you can send in a postcard with your name and phone number to the address below to enter our Aardvark Drawing! Send entries to: Aardvark, P.O.. Box 102, Mattapoisett, MA 02739. Enter as many times as you like, you can only win once. A list of winners is available at our office, 55 County Road, Mattapoisett. VASE Plant Sale in Marion

Volunteers At Sippican Elementary (VASE) is sponsoring a Perennial Plant Sale to benefit the Art and Music Fund at Sippican School in Marion. This year's funds are being raised toward the purchase of a new drum set, a trip to a recording studio in Boston for 10 students involved in composing their own musical pieces, and toward the purchase of a kiln for the Art Department. In the past, funds have been allocated for art supplies and a tuba. In this day and age of education, music and art suffer greatly with the high cost of musical instruments and art appreciation.

The plants that are being offered have two price categories: six and a half inch pots for $4.25 and one-gallon pots for $5.75. The plants range from delphinium, cranesbill, moonkshood, phlox, daylillies, bleeding heart, and lupines among others. If you should choose to purchase a plant you will receive a voucher which may be used at Eden Landscape toward the plant of your choice. Order forms may be obtained at Sippican School, the Marion Town House, the Elizabeth Taber Library, and other locations in Marion. If you should have any questions, please contact Susan Anderson at 748-2792 or Joanne Gibbs at 748-3822.
